

Flag Fundraising Scout fund

A scout can earn money for scouting related events or equipment through participation in the troop flag fundraising campaign.

A scout earns:

- \$5 for each new sleeve they put in.
- \$5 for each flag that they put on a route per holiday.

Funds can be used for:

- Scout events
- Equipment purchased for use at scout events (i.e., backpacks, tents, sleeping gear, etc)

If a scout opts to leave the troop and has funds in an account, we will transfer via check those funds to the new troop treasurer (or other designee) once that information is provided to our treasurer.

To get the funds, the scout must email the person in the troop called the Flags Funds Keeper keeping track of that information with how many new sleeves they put in or how many flags they did. A scout is honest.

Currently, that person is Whitney Bryant with the email of dandwbryant@gmail.com

If you want to use the funds for a scout event, you would just let the treasurer (troop1857treasurer@gmail.com) and the Flags Funds Keeper know you want to use the funds in your account.

If you would to use the funds for equipment to be used at a scout event, you purchase the equipment and then submit a reimbursement form (on the troop website – www.troop1857.org/forms) and the receipt via email to the troop treasurer and Flag Funds Keeper.
